

Sunrise Medical HHG Inc.
Respiratory Products Division

MEMORANDUM

TO: CCCA **DATE:** September 24, 2003

FROM: Joe Mitchell

SUBJECT: Letter of Reference for Global Advantage **cc:**

Sunrise Medical and I have been working with Garry Lee from Global Advantage for at least 10 years. Over the years he has helped us with agency approvals as well as EMI/RFI testing.

Garry and his team have also helped us with the FDA approval process for our products. This third party work was really a plus as it allowed us to continue testing the product while Global Advantage did the leg work to interface with FDA to answer questions that were pertinent to the project.

When we need immediate action on a project or have any questions regarding agency approval issues Global Advantage is always there to help us.

Global Advantage has always given very detailed documentation on what we should expect and what Global Advantage has completed. We have been very comfortable with Global Advantage mainly for the reason that they have the knowledge and ability to complete a project on time and their knowledge of the agency approval process.

If you have any questions please do not hesitate to call or e-mail me.

Thank You

Joe Mitchell
